

Settings Menu

Last Modified on 01/16/2025 9:43 am CST

The *Settings* menu gives the ability to review or update contact information, passwords, and stored payment information.

Select the **User** icon in the upper right corner and select *Settings*.

Update Email

To change your email address, enter the *New Email Address* and select **Send Code**. A verification code will be sent to the New Email Address. Input the *Email Verification Code* to confirm the email change and select **Update**. If not confirmed within the time frame the link will become invalid.

A screenshot of the 'Settings' window, specifically the 'Update Email' section. On the left is a sidebar with 'Update Email' selected. The main area has a 'Current Email Address' field with 'energycustomer22@gmail.com', a 'New Email Address' field, and a 'Send Code' button. A blue callout box on the right says: 'Changing your email will first send you an email verification code, once you receive your code, then input the code on the next step to confirm your email change.' A red 'Close' button is in the bottom right corner.

✔ Please check email for verification code
